

ScienceSoft Cybersecurity

Mission to Protect

ScienceSoft Cybersecurity is a team of seasoned **SOC Consultants, Certified Ethical Hackers, and SIEM/SOAR/XDR experts** whose job is to protect organizations, simulate breaking into them and discover risks & vulnerabilities before the criminals find them. ScienceSoft helps companies fix vulnerabilities, test products, and put solid security controls in place.

Our flagship cybersecurity product called **QLEAN App Suite** has been named a global **IBM Beacon Award finalist** for the past two years in a row (2020, 2021). We understand how software and devices are built. Our teams work in a fully secure, closed-off and controlled environment compliant with ISO 27001.

Our Cybersecurity Portfolio

- IBM QRadar SIEM/SOAR/XDR professional services and solutions
- ScienceSoft QLEAN App Suite
- Custom cybersecurity app development
- Palo Alto Networks Cortex XSOAR services
- F5 professional services
- Infrastructure security audit
- Penetration testing (web, mobile, network)
- Vulnerability assessment
- Compliance testing

Capabilities Matrix

Skill	Skill area	Deployment services	Health check	Tuning services	Integration development	Training services	Reseller
QRadar SIEM/XDR	IBM Security	●	●	●	●	●	●
Resilient SOAR	IBM Security	●		●	●		●
F5 Networks BIG-IP/Viprion	F5 Networks	●	●	●	●		
Cortex XSOAR	Palo Alto Networks	●		●	●		●
